

Think tank **IDEA at CERGE-EI** and the **RSJ Foundation** invite you to a public lecture and discussion:

How to encourage and develop mathematically gifted children

Jak podporovat a rozvíjet matematicky nadané děti

May 15, 2024 2 p.m.– 4 p.m.

CERGE-EI | Politických vězňů 7, Prague 1
Digital Media Center #402 on the 4th floor

IN-PERSON and **ON-LINE** attendance options are available. The event will be in English.

KEYNOTE SPEAKER: Patrick Gaule

Associate Professor in Economics at the University of Bristol and co-founder of the Global Talent Lab and the Global Talent Network

The lecture will be followed by a discussion and introduction of RSJ Foundation activities including the *TALENT* project to support the agendas of gifted children in the Czech Republic.

COME TO LEARN:

- What are the best ways to support mathematically gifted children?
- Possible approaches include grade-skipping, in-person training camps, tutoring, weekly math circles, and specialized schools.
- Inspiration sparked by the Global Talent Lab and Global Talent Network projects offering virtual courses for gifted children and evaluating their impact.

Register for the event filling out on-line form at <https://idea.cerge-ei.cz/>

THE EVENT IS ORGANIZED AS A PART OF *TALENT* – A JOINT PROJECT OF THE RSJ FOUNDATION AND IDEA OF CERGE-EI
